

MUNDUS PRO

UV-C sanitizer
and charger

Specially brought to you by

MUNDUS PRO

The only UV-C sanitizing device that protects against viruses and bacteria while charging up to three devices simultaneously.

Eliminates 99.999% of viruses and bacteria in one fast 8-minute cycle, certified effective and safe by the EPA and the independent laboratories Intertek, SGS and Gmicro.

4 Layers of Microbe-Killing Protection, exclusive to Einova.

Two Qi-certified 10W fast wireless charging spots and one 18W USB-A Quick Charge port.

Keeps all your most important personal accessories organized and in one place.

**Inner dimensions:
6.4 x 6.4 x 1.1 in**

Einova Mundus Pro is the only UV-C disinfecting device certified 99.999% effective by Intertek and the EPA, one of the most authoritative independent labs in the world.

Mundus Pro offers four layers of microbe-killing protection: two different kinds of UV-C light, plus naturally occurring ozone and the photocatalytic agent titanium dioxide.

Disinfect anything that fits inside the spacious inner chamber, including phones, eyewear, keys, jewelry, personal protective masks and more. It's also a multi-device fast wireless charging dock that fast charges up to three devices simultaneously. With its sleek style, this versatile valet tray is perfect for your desk, home entryway or nightstand. Designed in Italy.

Lab-certified
Certified safe
by Intertek, SGS,
& Gmicro

Certifications you can trust

Certified by the world's leading independent quality and testing laboratories, including the EPA, Intertek and Gmicro. Because you and your family's health and safety deserves nothing less.

Protect your health. Stay connected to your family and friends

It's never been more important to stay healthy. Mundus Pro makes it easy thanks to industry-leading disinfecting technology that destroys 99.99% of viruses and bacteria, plus the fastest wireless charging available today.

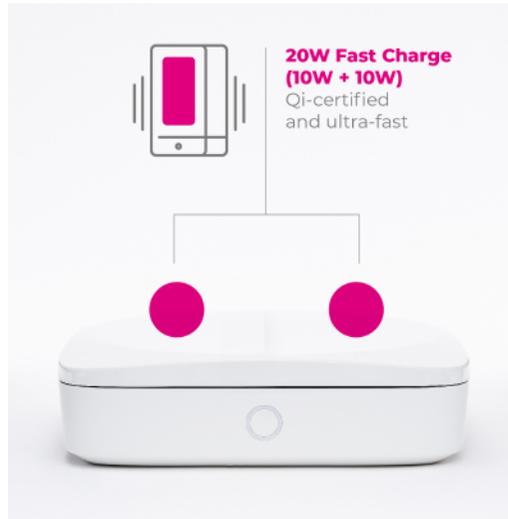

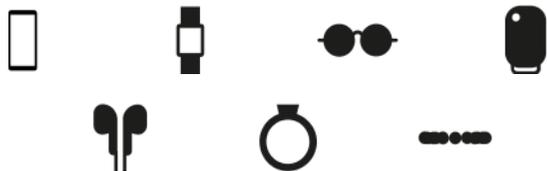

Comprehensive germicidal protection

How does Mundus Pro eliminate 99.999% of all dangerous microbes? It's all thanks to the 4 Layers of Microbe-Killing Protection: a unique dual-wavelength UV-C wavelength mix, supercharged with microbe-oxidizing ozone and the photocatalytic powers of titanium dioxide.

Disinfect anything that fits inside

A champion multitasker that saves you time! Mundus Pro's inner sanitizing chamber has space for multiple items: two phones at the same time, sunglasses, watches, AirPods, personal protective masks, or anything else that fits. The textured bottom ensures that the UV-C light can disinfect from every possible angle, no need to flip or rotate the items inside.

Qi-certified fast wireless power

Charge up to three devices simultaneously. The two 10W fast wireless charging spots with fast charging algorithms are Qi-certified by the Wireless Power Consortium, so you can trust that your devices will charge safely, reliably, and at twice the speed versus standard wireless charging for compatible devices. The 18W USB-A Quick Charge port is perfect for your Apple Watch charging puck or any other USB-A device.

Sleek, organised and ready for the day

Say hello to calm mornings! Mundus Pro is also a beautiful valet tray that does so much more than simply organize your essential pocket carry. Ideal for your desk, home entryway or nightstand. Minimalist, functional and Designed in Italy.
